IV. Round Table Discussion

County Administrator Townsend reported that there is a tentative LOST negotiation meeting scheduled for July 12th, 2022, with the City of Barnesville and the Town of Aldora.

Vice-Chairman Heiney said that he appreciates all the people that work for the County. He said that our government does a really good job. Vice-Chairman Heiney said that he has been on the board for 8 years and he believes that we have great people working for the County.

Finance Director Johnston said this sounds pretty typical to her being on this side and not the Department side. They come in and they beg and plead because they all have needs and it is every year there is something. Finance Director Johnston said that needs are needs and they are every day and everywhere. It sounds typical and it reminds her of Fayetteville back home. You have a lot of good people who are dedicated to what they do and they care because largely she is assuming that for everyone here this is home. You all are from here

and you grew up here and you have a vested interest in doing a good job because you go to Church with these people, you grocery shop with them and they are your neighbors. Vice-Chairman Heiney said that this is a small town where everyone knows each other and it is like family and friends because you grew up here. There is more accountability.

Chairman Glass said that he enjoyed hearing everyone's point of view. He said that we have a group that works together without a lot of fighting or bickering and he is glad that it works out this way.

V. Adjournment

Commissioner Horton made a motion to adjourn the Budget Workshop meeting at approximately 4:15 p.m. Commissioner Thrash seconded the motion. The motion passed unanimously.
