## INDEPENDENT AUDITOR'S REPORT

---

**Board of Commissioners  
of Lamar County, Georgia  
Barnesville, Georgia**

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Lamar County, Georgia (the "County"), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of December 31, 2021, and the respective changes in financial position and the budgetary comparison information for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Lamar County Board of Health (the "Board of Health") or the Barnesville-Lamar County Library (the "Library"), which represent 5.1%, 16.5%, and 25.7%, respectively, of the assets, net position, and revenues of the discretely presented component units as of December 31, 2021, and the respective changes in financial position for the year then ended. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Board of Health and the Library, are based solely on the reports of the other auditors.

### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States ("*Government Auditing Standards*"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

---

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

---

**Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis ("MD&A") (on pages 5 – 11), the Schedule of Changes in the County's Net Pension Liability and Related Ratios (on pages 54 and 55), and the Schedule of County Contributions (on pages 56 and 57) be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of special purpose local option sales tax proceeds is presented for the purposes of additional analysis as required by the Official Code of Georgia Annotated ("O.C.G.A.") §48-8-121, as listed in the table of contents, and is not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by *Title 2 U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements of the County.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit, the procedures performed as described above, and the report of the other auditors, the combining and individual nonmajor fund financial statements and schedules, the schedule of expenditures of special purpose local option sales tax proceeds, and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

---

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated August 24, 2022, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Lamar County, Georgia's internal control over financial reporting and compliance.

# LAMAR COUNTY, GEORGIA

## MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2021

---

This section of Lamar County, Georgia's (the "County") annual financial report presents a narrative overview and analysis of the financial activities of the County for the fiscal year ended December 31, 2021. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the County's financial statements, which follow this narrative.

### Financial Highlights

- The assets of the County exceeded its liabilities at December 31, 2021, by \$19,311,561 (net position) of which \$12,977,335 is net investment in capital assets, \$2,386,931 is restricted for specific purposes, leaving unrestricted net position of \$3,947,295.
- At fiscal year-end December 31, 2021, the County's General Fund reported a total fund balance of \$5,586,009.

### Overview of the Financial Statements

This Management's Discussion and Analysis ("MD&A") is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide Financial Statements.** The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business. There are two government-wide statements, the statement of net position and the statement of activities, which are described below.

The statement of net position presents information on all of the County's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference among the items being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating. It is important to note that this statement consolidates the governmental funds' current financial resources (short-term) with capital assets and long-term liabilities.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The governmental activities of the County include general government, judicial, public safety, public works, health and welfare, recreation, and housing and development.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

The government-wide financial statements include not only the County itself (known as the primary government), but also the Lamar County Board of Health (the "Board of Health"), Lamar County Regional Solid Waste Authority (the "LCRSWA"), and the Barnesville-Lamar County Library (the "Library"). These are legally separate entities that are discretely presented component units of the County due to the significance of its operational and financial relationship with the County. Financial information of the component units are reported separately from the financial information presented for the primary government itself.

**Fund Financial Statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into two categories: governmental funds and fiduciary funds.

**Governmental Funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains governmental funds to account for the following activities: **General**; **Special Revenue** ("E911", "Drug Seizure", "Law Library", "Drug Court", "ARPA", and the "Hotel Motel Fund"); **Capital Projects** ("SPLOST 2017 Fund" and the "Capital Projects Fund"); and **Debt Service** ("Public Facilities Authority").

Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances for the General, American Rescue Plan Act ("ARPA"), Special Purpose Local Option Sales Tax ("SPLOST") 2017, and Public Facilities Authority (the "Authority"), which are considered major funds. Data from the other governmental funds are combined into a single, aggregated column. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report. The County adopts an annual appropriated budget for its general fund and special revenue funds. A budgetary comparison statement has been provided for the General Fund within the basic financial statements.

**Fiduciary Funds.** Fiduciary funds are custodial in nature and are not reflected in the government-wide financial statements.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

**Notes to the Financial Statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Other Information.** The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the notes to the financial statements.

### Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. Assets and deferred outflows of resources exceed liabilities and deferred inflows of resources by \$19,311,561 at the close of the most recent fiscal year.

A large portion of the County's net position, 67%, reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment); less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

#### Lamar County Net Position

	Governmental Activities		Percentage Change
	2021	2020	2020-2021
Current and other assets	\$ 11,553,571	\$ 6,038,150	91.34 %

## MANAGEMENT'S DISCUSSION AND ANALYSIS

### Lamar County's Changes in Net Position

<b>Revenues</b>	<b>Governmental Activities</b>		<b>Percentage Change</b>
	<b>2021</b>	2020	<b>2020-2021</b>
Program revenues:			
Charges for services	\$ 2,480,109	\$ 2,242,099	10.62 %
Operating grants and contributions	998,014	729,743	36.76
Capital grants and contributions	618,831	931,903	(33.59)
General revenues:			
Property taxes	8,127,993	7,519,053	8.10
Sales taxes	4,013,713	3,366,124	19.24
Other taxes	1,060,201	986,313	7.49
Unrestricted investment earnings	216	200	8.00
Gain on sale of assets	-	146,332	(100.00)
Total revenues	<b>17,299,077</b>	15,921,767	8.65
<b>Expenses</b>			
General government	2,715,627	2,436,338	11.46
Judicial	1,378,288	1,269,014	8.61
Public safety	5,979,539	4,882,422	22.47
Public works	3,347,333	3,507,035	(4.55)
Health and welfare	434,298	394,577	10.07
Culture and recreation	770,410	772,706	(0.30)
Housing and development	408,790	365,134	11.96
Interest on long-term debt	92,753	41,767	122.07
Total expenses	<b>15,127,038</b>	13,668,993	10.67
<b>Special item</b>	<b>(106,992)</b>	-	100.00
Change in net position	<b>2,065,047</b>	2,252,774	(8.33)
Net position, beginning of year	<b>17,246,514</b>	14,993,740	15.02
Net position, end of year	<b>\$ 19,311,561</b>	\$ 17,246,514	11.97

The changes in net position between fiscal years 2021 and 2020, were affected by the following:

- Net change in total revenues is an increase of 8.65%.
- Charges for services increased 10.62% from the prior year. This was the result of normal fluctuations in the charges for services provided by the County.
- Operating grants and contributions increased 36.76% due to ARPA funding.
- Capital grants and contributions decreased 33.59% due to a decrease in the County's Local Maintenance and Improvement Grant ("LMIG") funding during the current year.
- Increase to public safety expenses of 22.54%, was the result of increased payroll and small equipment costs.
- Ultimately, the County reported an increase in net position of \$2,065,047 for the year ended December 31, 2021.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

### Financial Analysis of the Government's Funds

**Governmental Funds.** The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

#### **General Fund**

The General Fund is the chief operating fund of the County. At the end of the current fiscal year, non-spendable fund balance was \$46,693 for inventories and unassigned was \$5,579,316, while the total fund balance was \$5,586,009.

As a measure of the General Fund's liquidity, it may be useful to compare fund balance to total fund expenditures. Non-spendable fund balance represents .05% of total general fund expenditures and unassigned fund balance represents 44.91%, while total fund balance represents 44.96% of that same amount.

#### **ARPA Fund**

The ARPA Fund is a special revenue fund of the County used to account for the grant funds awarded to the County as part of the State and Local Fiscal Recovery Fund under the ARPA. During the year ended December 31, 2021, the County used approximately \$650,000 of the \$1,858,000 that it was awarded.

#### **SPLOST 2017 Fund**

The SPLOST referendum was passed in fiscal year 2017 to provide proceeds of \$9,366,409 in order to fund multiple capital projects. At the end of the current fiscal year, the SPLOST fund reported expenditures of \$2,179,808 and revenues in the amount of \$2,626,785 resulting in an ending fund balance of \$1,476,394.

#### **Public Facilities Authority**

The Public Facilities Authority was created during the year ended December 31, 2021, and accounts for the purchase and financing of County buildings and facilities. The Authority issued revenue bonds and transferred funds to the General Fund for the purchase of new facilities during the year ended December 31, 2021. The Authority reported an increase in fund balance during the current year of \$1,752,932.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

### General Fund Budgetary Highlights

Over the course of the year, the Board of Commissioners revised the County budget on multiple occasions to avoid budget overruns.

### Capital Assets and Debt Administration

**Capital Assets.** The County's investment in capital assets for its governmental activities as of December 31, 2021, amounts to \$14.8 million (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings and improvements, machinery and equipment, vehicles, and infrastructure.

#### Lamar County's Capital Assets (Net of Depreciation)

	Governmental Activities		Percentage Change
	2021	2020	2020-2021
Land	\$ 1,929,967	\$ 1,593,967	21.08 %
Construction in progress	-	53,800	100.00
Buildings and improvements	6,588,502	5,575,628	18.17
Machinery and equipment	1,024,041	515,413	98.68
Vehicles	722,126	1,190,788	(39.36)
Infrastructure	4,562,864	4,804,625	(5.03)
Total	\$ 14,827,500	\$ 13,734,221	7.96

The majority of the increase is the result of the capital assets purchased exceeding depreciation during the current year. Additional information on the County's capital assets can be found in Note 6 of this report.

**Long-term Debt.** The County's long-term debt for the year ended December 31, 2021 is summarized below.

	Beginning Balance	Additions	Reductions	Ending Balance
<b>Governmental Activities:</b>				
Capital leases	\$ 231,845	\$ -	\$ 114,069	\$ 117,776
Revenue bonds	-	3,500,000	-	3,500,000
Landfill post-closure costs	442,147	5,306	-	447,453
Net pension liability	1,262,377	804,842	1,128,597	938,622
Total	\$ 1,936,369	\$ 4,310,148	\$ 1,242,666	\$ 5,003,851

Increases to the County's debt were the result of the issuance of revenue bonds by the Authority. Additionally, the net pension liability decreased as a result of actuarial changes made during the current year.

Additional information regarding the County's long-term debt can be found in Note 7 of this report.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

### **Economic Factors and Next Year's Budgets**

- The millage rate was rolled back from the prior year to 12.464.
- No new grants are anticipated.

These items were taken into account when adopting the General Fund budget for 2022.

### **Requests for Information**

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

County Manager, Lamar County Board of Commissioners  
408 Thomaston Street, Suite E  
Barnesville, Georgia 30204.

LAMAR COUNTY, GEORGIA

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES  
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
FOR THE FISCAL YEAR ENDED DECEMBER 31, 2021

---

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds.	\$ 4,519,661
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period.	1,168,024
The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins and donations) is to decrease net position.	(74,745)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	(79,337)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt and related items.	(3,391,237)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	<u>(77,319)</u>
Change in net position - governmental activities	<u>\$ 2,065,047</u>

The accompanying notes are an integral part of these financial statements.

**LAMAR COUNTY, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

---

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of Lamar County, Georgia (the “County”) have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”) as applied to governments. The Governmental Accounting Standards Board (“GASB”) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the County's accounting policies are described below.

**A. The Reporting Entity**

The County, which was founded in 1921, has a population of 16,000 plus living within an area of 185.8 square miles. The County is a Georgia municipal corporation and operates under County Administrator/ Chairman and Commissioner Form of government. The County provides the following services as authorized by state law: public safety, roads, public improvements, planning and zoning, courts, tax assessment and collection, health and social services, culture and recreation, and general administrative services.

As required by GAAP, the financial statements of the reporting entity include those of the County (the “primary government”) and its component units. The component units discussed below are included in the County's reporting entity because of the significance of their operational or financial relationship with the County.

**Discretely Presented Component Units**

The Lamar County Board of Health (the “Board of Health”) provides medical services and health education to the citizens of Lamar County. The County Board of Commissioners has the authority to modify and approve the Department of Health's budget. The Board of Health issues separate financial statements with a June 30 fiscal year-end. A complete copy of these statements may be obtained at the following address:

Lamar County Board of Health  
118 Academy Drive  
Barnesville, Georgia 30204

The Lamar County Regional Solid Waste Authority (the “LCRSWA”) provides residents and surrounding areas with disposal service of residential and commercial solid waste. The County Board of Commissioners has the authority to modify the LCRSWA's budget. The LCRSWA issues separate financial statements with a December 31 fiscal year-end. A complete copy of these statements may be obtained at the following address:

Lamar County Regional Solid Waste Authority  
172 Roger Brown Drive  
Barnesville, Georgia 30204

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### A. The Reporting Entity (Continued)

##### Discretely Presented Component Units (Continued)

The Barnesville-Lamar County Library (the "Library") provides residents and surrounding areas with educational, research, recreational reading material, as well as computer services. The County approves the annual funding portion of the budget requested by the Library. In addition, the County provides substantial funding for the operations of the Library; therefore, the Library is considered to be fiscally dependent on the County. The Library issues separate financial statements with a December 31 fiscal year-end. A complete copy of these statements may be obtained at the following address:

Barnesville-Lamar County Library  
401 Thomaston St.  
Barnesville, Georgia 30204

##### Blended Component Unit

The Lamar County Public Facilities Authority's (the "Authority") sole purpose is to finance the purchase and maintenance of buildings and facilities for the County. The County Board of Commissioners appoints all members of the Authority's board and the Authority's debt is expected to be repaid almost entirely from the resources of the County. Separate financial statements for the Authority are not prepared.

#### B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities* are normally supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include: 1) charges to those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### B. Government-wide and Fund Financial Statements (Continued)

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

#### C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

Property taxes, sales tax, intergovernmental grants, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the County.

The format of the fund financial statements has been modified by GASB Statement No. 34. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. GASB Statement No. 34 also requires, as required supplementary information, the Management's Discussion and Analysis ("MD&A") which includes an analytical overview of the County's financial activity.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

The County reports the following major governmental funds:

The **General Fund** is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **American Rescue Plan Act ("ARPA") Fund** is used to account for grant funds awarded to the County as part of the State and Local Fiscal Recovery Fund under the ARPA.

The **Special Purpose Local Option Sales Tax ("SPLOST") 2017 Fund** is used to account for the financial resources provided from the 2017 1% SPLOST.

The **Public Facilities Authority** is a blended component unit. It accounts for the purchase and financing of County buildings and facilities.

Additionally, the County reports the following fund types:

The **Special Revenue Funds** are used to account for revenue sources that are legally restricted to expenditure for specific purposes.

The **Capital Projects Fund** accounts for the acquisition of capital assets and construction or improvement of major capital projects.

The **Custodial Funds** are used to account for the collection and disbursement of monies by the County on behalf of other governments and individuals.

Amounts reported as *program revenues* include: 1) charges for services provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### D. Cash and Investments

The County and the discretely presented component units' cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the County and the discretely presented component unit to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds, repurchase agreements and the local government investment pool ("Georgia Fund 1"). Investments are stated at fair value.

#### E. Interfund Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year as well as all other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

#### F. Inventories

Inventories are valued at cost, which approximates market, using the first-in/first-out ("FIFO") method. The consumption method is used to account for inventories. Under the consumption method, inventory items are recognized as expenditures when used.

#### G. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

#### H. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the County as assets with an initial, individual cost of more than \$2,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at their acquisition value at the date of donation. The County has retroactively reported major general infrastructure assets. In this case, the County chose to include all items regardless of their acquisition date.

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend asset lives are not capitalized.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### H. Capital Assets (Continued)

Capital assets of the primary government are depreciated using the straight-line method over the following useful lives:

<u>Asset Category</u>	<u>Years</u>
Buildings and improvements	20 – 50
Machinery and equipment	5 – 10
Vehicles	5 – 10
Infrastructure	40 – 50

#### I. Compensated Absences

Vacation and sick leave benefits due at termination have been accrued. Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and fund liability of the liable fund.

#### J. Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### K. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County has deferred outflows related to the recording of changes in its net pension liability. Certain changes in the net pension liability are recognized as pension expense over time instead of all being recognized in the year of occurrence. Experience gains or losses result from periodic studies by the County's actuary which adjust the net pension liability for actual experience for certain trend information that was previously assumed, for example the assumed dates of retirement of plan members. These experience gains or losses are recorded as deferred outflows of resources and are amortized into pension expense over the expected remaining service lives of plan members. Changes in actuarial assumptions, which adjust the net pension liability, are also recorded as deferred outflows of resources and are amortized into pension expense over the expected remaining service lives of plan members.

In addition to liabilities, the statement of net position and the governmental funds balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County also has deferred inflows related to the recording of changes in its net pension liability. Certain changes in the net pension liability are recognized as pension expense over time instead of all being recognized in the year of occurrence. Experience gains or losses result from periodic studies by the County's actuary which adjust the net pension liability for actual experience for certain trend information that was previously assumed, for example the assumed dates of retirement of plan members. These experience gains or losses are recorded as deferred inflows of resources and are amortized into pension expense over the expected remaining service lives of plan members. Changes in actuarial assumptions, which adjust the net pension liability, are also recorded as deferred inflows of resources and are amortized into pension expense over the expected remaining service lives of plan members. The difference between projected investment return on investments and actual return on those investments is also deferred and amortized against expense over a five-year period. Other than the items relating to the changes in the net pension liability as discussed previously, the County has one item that qualifies for reporting in this category, which arises only under a modified accrual basis of accounting. Accordingly, the item, *unavailable revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes not received within 60 days after year-end. These amounts are deferred and will be recognized as an inflow of resources in the period in which the amounts become available.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### L. Fund Equity

Fund equity at the governmental fund financial reporting level is classified as “fund balance.” Fund equity for all other reporting is classified as “net position.”

**Fund Balance** – Generally, fund balance represents the difference between the assets and liabilities under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

- **Non-spendable** – Fund balances are reported as non-spendable when amounts cannot be spent because they are either: a) not in spendable form (i.e., items that are not expected to be converted to cash), or b) legally or contractually required to be maintained intact.
- **Restricted** – Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.
- **Committed** – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of Commissioners through the adoption of a resolution. Only the Board of Commissioners may modify or rescind the commitment.
- **Assigned** – Fund balances are reported as assigned when amounts are constrained by the County’s intent to be used for specific purposes but are neither restricted nor committed. Through policy, authorization to assign fund balance remains with the Board.
- **Unassigned** – Fund balances are reported as unassigned when the balances do not meet any of the above criterion. The County reports positive unassigned fund balance only in the General Fund. Negative unassigned fund balances may be reported in all funds.

**Flow Assumptions** – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the County’s policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the County’s policy to use fund balance in the following order: 1) committed, 2) assigned, and 3) unassigned.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### L. Fund Equity (Continued)

**Net Position** – Net position represents the difference between assets and liabilities in reporting which utilizes the economic resources measurement focus. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the County has spent) for the acquisition, construction or improvement of those assets. Net position is reported as restricted using the same definition as used for restricted fund balance as described in the section above. All other net position is reported as unrestricted.

The County applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

#### M. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### N. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Association County Commissioners of Georgia Lamar County Defined Benefit Plan (the "Plan") and additions to or deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS

#### A. Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position

The governmental fund balance sheet includes a reconciliation between *fund balance – total governmental funds* and *net position – governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains that “long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds.” The details of this difference are as follows:

Capital leases payable	\$ (117,776)
Bonds payable	(3,500,000)
Landfill post-closure costs	(447,453)
Accrued interest	(15,415)
Net pension liability	<u>(938,622)</u>
Net adjustment to reduce <i>fund balance - total governmental funds</i> to arrive at <i>net position - governmental activities</i>	<u><u>\$ (5,019,266)</u></u>

#### B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances and the Government-wide Statement of Activities

The governmental fund statement of revenues, expenditures and changes in fund balances includes a reconciliation between *net changes in fund balances – total governmental funds* and *changes in net position – governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.” The details of this difference are as follows:

Capital outlay	\$ 2,118,489
Depreciation expense	<u>(950,465)</u>
Net adjustment to increase <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net position - governmental activities</i>	<u><u>\$ 1,168,024</u></u>

## NOTES TO FINANCIAL STATEMENTS

### NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS (CONTINUED)

#### B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances and the Government-wide Statement of Activities (Continued)

Another element of the reconciliation states that “the issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.” The details of this difference are as follows:

Debt incurred:		
Revenue bonds	\$	(3,500,000)
Principal repayments:		
Capital leases		114,069
Landfill post-closure costs		<u>(5,306)</u>
Net adjustment to decrease <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net position - governmental activities</i>	\$	<u><u>(3,391,237)</u></u>

Another element of that reconciliation states that “Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.” The details of this difference are as follows:

Net pension liability	\$	323,755
Accrued interest		(11,020)
Deferred outflows of resources		(107,615)
Deferred inflows of resources		<u>(282,439)</u>
Net adjustment to increase <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net position of governmental activities</i>	\$	<u><u>(77,319)</u></u>

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 3. LEGAL COMPLIANCE – BUDGETS

#### A. Budgetary Data

The County adopts an annual operating budget for the general fund, each special revenue fund and debt service fund. A project budget is adopted for each projects fund. The budget resolution reflects the total of each department's appropriation in each fund. A budget was not adopted for the ARPA Fund.

The governmental funds' budgets are adopted on a basis consistent with GAAP, except that outstanding encumbrances at year-end are reported as budgetary expenditures. Enterprise fund budgets are adopted on a basis consistent with GAAP, except that outstanding encumbrances at year-end are reported as budgetary expenses.

The level of legal budgetary control (the level at which expenditures may not exceed appropriations) is the department level with the following provisions:

- The County Administrator may transfer funds from one object or purpose to another within the same department.
- The Board of Commissioners may amend the budget by motion during the fiscal year.
- Appropriations must equal the anticipated funding sources of each fund.
- Actual expenditures of each fund may not exceed actual funding sources.

Formal budgetary integration is employed as management control device during the year for all budgeted funds.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 3. LEGAL COMPLIANCE – BUDGETS (CONTINUED)

#### B. Excess Expenditures over Appropriations

Department	Excess
<b>General Fund</b>	
General Government:	
County commissioners/administration	\$ (3,232)
General administration	(1,408,191)
Board of elections	(9,818)
Risk management	(13,003)
Service center building	(112,945)
Judicial:	
Superior court	(5,659)
District attorney	(523)
Public safety:	
Sheriff's office	(101,869)
Jail building	(49,054)
Health and welfare:	
Senior citizens center	(6,475)
Culture and recreation:	
Recreation department	(47,663)
Old jail museum	(440)
Housing and development:	
Conservation	(1,094)

These over-expenditures were funded by greater than anticipated revenues.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 4. DEPOSITS AND INVESTMENTS

Total deposits and investments as of December 31, 2021 are summarized as follows:

**Balances per statement of net position:**

Cash - Primary government	\$ 10,262,377
---------------------------	---------------

**Balances per statement of fiduciary net position:**

Cash - Custodial funds	1,727,254
	<u>\$ 11,989,631</u>

Cash deposited with financial institutions	\$ 11,989,631
	<u>\$ 11,989,631</u>

**Credit Risk.** State statutes authorize the County to invest in obligations of the State of Georgia or other states; obligations issued by the U.S. government; obligations fully insured or guaranteed by the U.S. government or by a government agency of the United States; obligations of any corporation of the U.S. government; prime bankers' acceptances; the Georgia Fund 1 established by state law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia. As of December 31, 2021, the County had no investments.

**Interest Rate Risk.** The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

**Custodial Credit Risk – Deposits.** Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes require all deposits and investments (other than federal or state government instruments) to be collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities. As of December 31, 2021, all of the County's bank balances were properly insured and collateralized as defined by GASB pronouncements and the State of Georgia.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 5. RECEIVABLES

Receivables at December 31, 2021 consist of the following:

	<b>General Fund</b>	<b>SPLOST 2017 Fund</b>	<b>Nonmajor Funds</b>	<b>Total</b>
Receivables:				
Taxes	\$ 802,375	\$ -	\$ -	\$ 802,375
Accounts	45,046	-	4,563	49,609
Due from other governments	134,170	239,588	58,759	432,517
Gross receivables	981,591	239,588	63,322	1,284,501
Less allowance	-	-	-	-
Net receivables	<b>\$ 981,591</b>	<b>\$ 239,588</b>	<b>\$ 63,322</b>	<b>\$ 1,284,501</b>

State law requires that property taxes be based on assessed value, which is 40% of market value. All real and personal property (including motor vehicles) are valued as of January 1 of each year. With the exception of motor vehicles and the property of public utilities, which are valued by the State Revenue Department, all assessments are made by the tax assessors of the County.

Normally, property tax levies are set by the County Commissioners in August of each year for collection in the following year beginning January 1. The County spreads levies over assessable property. Taxes are levied annually by the County, and for the year ended December 31, 2021, the levy occurred on January 1, 2021. Real and personal property taxes were due on November 20, 2021. Property taxes receivable become a lien on March 7, 2022.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 6. CAPITAL ASSETS

Capital asset activity for the fiscal year ended December 31, 2021 is as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Transfers</u>	<u>Ending Balance</u>
<b>Governmental activities</b>					
Capital assets, not being depreciated:					
Land	\$ 1,593,967	\$ 336,000	\$ -	\$ -	\$ 1,929,967
Construction in progress	53,800	-	(53,800)	-	-
Total	<u>1,647,767</u>	<u>336,000</u>	<u>(53,800)</u>	<u>-</u>	<u>1,929,967</u>
Capital assets, being depreciated:					
Buildings and improvements	14,772,866	1,339,583	-	-	16,112,449
Machinery and equipment	3,801,421	299,864	-	342,324	4,443,609
Vehicles	3,313,237	143,042	(279,995)	(342,324)	2,833,960
Infrastructure	50,882,877	-	-	-	50,882,877
Total	<u>72,770,401</u>	<u>1,782,489</u>	<u>(279,995)</u>	<u>-</u>	<u>74,272,895</u>
Less accumulated depreciation for:					
Buildings and improvements	9,197,238	326,709	-	-	9,523,947
Machinery and equipment	3,286,008	133,560	-	-	3,419,568
Vehicles	2,122,449	248,435	(259,050)	-	2,111,834
Infrastructure	46,078,252	241,761	-	-	46,320,013
Total	<u>60,683,947</u>	<u>950,465</u>	<u>(259,050)</u>	<u>-</u>	<u>61,375,362</u>
Total capital assets, being depreciated, net	<u>12,086,454</u>	<u>832,024</u>	<u>(20,945)</u>	<u>-</u>	<u>12,897,533</u>

Depreciation expense was charged to functions/programs of the County as follows:

Governmental activities:	
General government	\$ 34,592
Judicial	759
Public safety	382,861
Public works	382,938
Health and welfare	113,450
Culture and recreation	30,832
Housing and development	5,033
Total depreciation expense - governmental activities	<u>\$ 950,465</u>

## NOTES TO FINANCIAL STATEMENTS

### NOTE 7. LONG-TERM DEBT

The following is a summary of long-term debt activity for the primary government for the fiscal year ended December 31, 2021:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
<b>Governmental activities</b>					
Capital leases	\$ 231,845	\$ -	\$ 114,069	\$ 117,776	\$ 117,776
Revenue bonds	-	3,500,000	-	3,500,000	74,000
Landfill post-closure costs	442,147	5,306	-	447,453	-
Net pension liability	1,262,377	804,842	1,128,597	938,622	-
Totals	<u>\$ 1,936,369</u>	<u>\$ 4,310,148</u>	<u>\$ 1,242,666</u>	<u>\$ 5,003,851</u>	<u>\$ 191,776</u>

For governmental activities, net pension liability is ordinarily liquidated by the General Fund.

### Revenue Bonds

#### Governmental Activities

The County issues bonds where the County pledges revenues derived from the acquired assets to pay debt service. The County's revenue bonds outstanding as of December 31, 2021 are as follows:

	<u>Interest Rate</u>	<u>Balance at December 31, 2021</u>
Public Facilities Authority, Series 2021A	1.71%	\$ 3,130,000
Public Facilities Authority, Series 2021B	1.16%	370,000
		<u>\$ 3,500,000</u>

During the year ended December 31, 2021, the Public Facilities Authority issued revenue bonds (Series 2021A and Series 2021B). The proceeds of these bonds were used to finance the cost of acquiring, constructing, and equipping a new County administration building for Lamar County. Interest on the Series 2021A bonds is 1.71% and the Series 2021B bonds is 1.16%. Principal and interest are payable semi-annually on April 15 and October 15 beginning April 15, 2022. Principal payments range from \$28,000 to \$205,000 through April 15, 2041 for the Series 2021A bonds and range from \$45,000 to \$47,000 through October 15, 2025 for the Series 2021B bonds.

**NOTES TO FINANCIAL STATEMENTS**

**NOTE 7. LONG-TERM DEBT**

**Revenue Bonds (Continued)**

**Governmental Activities (Continued)**

Annual debt service requirements to maturity for governmental activity revenue bonds as of December 31, 2021 are as follows:

Fiscal Year	Principal	Interest	Total
2022	\$ 74,000	\$ 31,638	\$ 105,638
2023	148,000	56,302	204,302
2024	153,000	54,240	207,240
2025	156,000	52,124	208,124
2026	157,000	49,974	206,974
2027 – 2031	828,000	209,142	1,037,142
2032 – 2036	901,000	135,552	1,036,552
2037 – 2041	1,083,000	55,498	1,138,498
	\$ 3,500,000	\$ 644,470	\$ 4,144,470

**Capital Leases**

**Governmental Activities**

The County has entered into lease agreements as lessee for financing the acquisition of various items of equipment. The lease agreements qualify as capital leases for accounting purposes (titles transfer at the end of the lease terms) and, therefore, have been recorded at the present values of the future minimum lease payments as of the date of their inception.

The following is an analysis of leased assets under capital leases as of December 31, 2021:

	<b>Governmental Activities</b>
Equipment	\$ 342,324
Less: Accumulated depreciation	(146,710)
	\$ 195,614

The County reported \$48,903 of depreciation expense for governmental activities on the above leased assets for the fiscal year ended December 31, 2021.

**NOTES TO FINANCIAL STATEMENTS**

**NOTE 7. LONG-TERM DEBT (CONTINUED)**

**Capital Leases (Continued)**

**Governmental Activities (Continued)**

The County's total capital lease debt service requirements to maturity are as follows:

<u>Fiscal Year Ending December 31,</u>	<u>Governmental Activities</u>
2022	\$ 121,604
Total minimum lease payments	121,604
Less amount representing interest	(3,828)
Present value of future minimum lease payments	<u>\$ 117,776</u>

**NOTE 8. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS**

The composition of interfund balances as of December 31, 2021 is as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General fund	ARPA fund	\$ 115,053
General fund	Public Facilities Authority	14,679
General fund	Nonmajor governmental funds	8,024
Nonmajor governmental funds	General fund	94,071
		<u>\$ 231,827</u>

These balances resulted from the time lag between the dates that: 1) interfund goods and services are provided or reimbursable expenditures occur, 2) transactions are recorded in the accounting system, and 3) payments between funds are made.

**Interfund transfers:**

<u>Transfers In</u>	<u>Transfers Out</u>	<u>Amount</u>
General fund	Public Facilities Authority	\$ 1,675,583
General fund	Nonmajor governmental funds	439
		<u>\$ 1,676,022</u>

Transfers are used to: 1) move revenues from the fund that the statute or budget requires to collect them to the fund that the statute or budget requires to expend them, and 2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 9. JOINT VENTURE

Under Georgia law, the County, in conjunction with other cities and counties in a ten-county central Georgia area, is a member of the Three Rivers Regional Commission (“RC”) and is required to pay annual dues thereto. During its year ended December 31, 2021, the County paid \$11,394 in such dues. Membership in an RC is required by the Official Code of Georgia Annotated (“O.C.G.A.”) §50-8-34 which provides for the organizational structure of the RC. The RC Board membership is made up of representatives appointed by each county seat and respective county government members and also includes private citizens and minority representatives. O.C.G.A. §50-8-39.1 provides that the member governments are liable for any debts or obligations of an RC. Information concerning the financial statements may be obtained from the Three Rivers Regional Commission, P.O. Box 818, Griffin, Georgia 30224.

### NOTE 10. DEFINED BENEFIT PENSION PLAN

#### Primary Government

##### Plan Description

The County, as authorized by the County Commission, has established a non-contributory defined benefit pension plan, the Association County Commissioners of Georgia (“ACCG”) Lamar County Defined Benefit Plan (the “Plan”), covering the majority of all of the County’s employees. The County’s pension plan is administered through the ACCG Third Restated Defined Benefit Plan (the “ACCG Plan”), an agent multiple-employer pension plan administered by GEBCorp and affiliated with the ACCG. The Plan provides retirement, disability, and death benefits to plan members and beneficiaries. The ACCG, in its role as the Plan sponsor, has the sole authority to establish and amend the benefit provisions and the contribution rates of the County related to the Plan, as provided in Section 19.03 of the ACCG Plan document. The County has the authority to amend the adoption agreement, which defines the specific benefit provisions of the Plan, as provided in Section 19.02 of the ACCG Plan document. The County Commission retains this authority. The ACCG Plan issues a publicly available financial report that includes financial statements and required supplementary information for the pension trust. That report may be obtained at [www.gebcorp.com](http://www.gebcorp.com) or by writing to the Association County Commissioners of Georgia, Retirement Services, 191 Peachtree Street, NE, Atlanta, Georgia 30303 or by calling (800) 736-7166.

##### Plan Membership

As of January 1, 2020, pension plan membership consisted of the following:

Inactive plan members of beneficiaries currently receiving benefits	40
Inactive plan members entitled to but not receiving benefits	91
Active plan members	81
	<u>212</u>

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 10. DEFINED BENEFIT PENSION PLAN (CONTINUED)

#### Primary Government (Continued)

##### Contributions

The Plan is subject to minimum funding standards of the Georgia Public Retirement Systems Standards law. The Board of Trustees of ACCG has adopted a recommended actuarial funding policy for the Plan which meets state minimum requirements and will accumulate sufficient funds to provide the benefits under the Plan. The funding policy for the Plan, as adopted by the County Board of Commissioners, is to contribute an amount equal to or greater than the actuarially recommended contribution rate. This rate is based on the estimated amount necessary to finance the costs of benefits earned by Plan members during the year, with an additional amount to finance any unfunded accrued liability. The County is required to contribute the actuarially determined rate. For the year ended December 31, 2021, the County's contribution rate was 8.90% of annual payroll. County contributions to the Plan were \$278,832 for the year ended December 31, 2021.

##### Net Pension Liability of the County

The County's net pension liability was measured as of December 31, 2020. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2020, with updated procedures performed by the actuary to roll forward to the total pension liability measured as of December 31, 2020.

*Actuarial Assumptions.* The total pension liability in the January 1, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.00%
Salary increases	2.00% – 4.00%, including inflation
Investment rate of return	7.00%, net of pension plan investment expense, including inflation

Mortality rates were based on the Pub-2010 Amount Weighted mortality table with a blend of 50% of the General Employees Table and 50% of the Public Safety Employees with Scale AA to 2020.

The actuarial assumptions used in the January 1, 2020 valuation were based on the results of an actuarial experience study through February 2019.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 10. DEFINED BENEFIT PENSION PLAN (CONTINUED)

#### Primary Government (Continued)

#### Net Pension Liability of the County (Continued)

*Actuarial Assumptions (Continued):* The long-term expected rate of return on pension plan investments was determined through a blend of using a building-block method based on 20-year benchmarks (33.33%) and 30-year benchmarks (33.33%), as well as forward-looking capital market assumptions for a moderate asset allocation (33.34%), as determined by UBS. Expected future rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of December 31, 2020, are summarized in the following table:

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Long-term Expected Real Rate of Return*</b>
Fixed Income	30 %	3.07 %
Large Cap	30	1.97
International	15	0.86
Mid Cap	5	0.30
Small Cap	5	0.52
REIT	5	0.47
Multi Cap	5	0.51
Global Allocation	5	0.58
	100 %	

\* Rates shown are net of the 3.00% assumed rate of inflation.

*Discount Rate.* The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that County contributions will be made at rates equal to the actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all of the projected benefit payments to determine the total pension liability.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 10. DEFINED BENEFIT PENSION PLAN (CONTINUED)

#### Primary Government (Continued)

#### Net Pension Liability of the County (Continued)

*Changes in the Net Pension Liability of the County.* The changes in the components of the net pension liability of the County for the year ended December 31, 2021 were as follows:

	<b>Total Pension Liability (a)</b>	<b>Plan Fiduciary Net Position (b)</b>	<b>Net Pension Liability (a) - (b)</b>
Balances at December 31, 2020	\$ 6,805,343	\$ 5,433,194	\$ 1,372,149
Changes for the year:			
Service cost	160,053	-	160,053
Interest	466,706	-	466,706
Differences between expected and actual experience	(107,435)	-	(107,435)
Assumption changes	10,990	-	10,990
Contributions - employer	-	278,832	(278,832)
Net investment income	-	742,330	(742,330)
Benefit payments, including refunds of employee contributions	(276,218)	(276,218)	-
Administrative expenses	-	(30,586)	30,586
Other changes	-	(26,735)	26,735
Net changes	254,096	687,623	(433,527)
Balances at December 31, 2021	\$ 7,059,439	\$ 6,120,817	\$ 938,622

The required schedule of changes in the County's net pension liability and related ratios immediately following the notes to the financial statements presents multi-year trend information about whether the value of plan assets is increasing or decreasing over time relative to the total pension liability.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 10. DEFINED BENEFIT PENSION PLAN (CONTINUED)

#### Primary Government (Continued)

#### Net Pension Liability of the County (Continued)

*Sensitivity of the Net Pension Liability to Changes in the Discount Rate.* The following presents the net pension liability of the County, calculated using the discount rate of 7.00%, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

	<b>1.00% Decrease (6.00%)</b>	<b>Current Discount Rate (7.00%)</b>	<b>1.00% Increase (8.00%)</b>
County's net pension liability	\$ 1,957,487	\$ 938,622	\$ 105,725

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective.

Calculations are based on the substantive plan in effect as of December 31, 2020, and the current sharing pattern of costs between employer and employee.

**NOTES TO FINANCIAL STATEMENTS**

**NOTE 10. DEFINED BENEFIT PENSION PLAN (CONTINUED)**

**Primary Government (Continued)**

**Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

For the year ended December 31, 2021, the County recognized pension expense of \$238,139. At December 31, 2021, the County and the Lamar County Regional Solid Waste Authority (the "LCRSWA") reported deferred outflows and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 41,683	\$ (85,764)
Changes in actuarial assumptions	167,923	(7,100)
Net difference between projected and actual earnings on pension plan investments	-	(474,828)
Total	<b>\$ 209,606</b>	<b>\$ (567,692)</b>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

**Fiscal Year Ending December 31,**

2022	\$ (79,424)
2023	(885)
2024	(207,877)
2025	(69,900)
	<b>\$ (358,086)</b>

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 11. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which, except as described in the following paragraph, the County carries commercial insurance in amounts deemed prudent by County management.

The County participates in the Georgia Interlocal Risk Management Agency Property and Liability Insurance Fund and the Association of County Commissioners of Georgia Group Self-Insurance Workers' Compensation Fund, public entity risk pools currently operating as common risk management and insurance programs for member local governments.

As part of these risk pools, the County is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pools' agents and attorneys, to follow loss reduction procedures established by the funds, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim of loss. The County is also to allow the pools' agents and attorneys to represent the County in investigation, settlement discussions and all levels of litigation arising out of any claim made against the County within the scope of loss protection furnished by the funds.

The funds are to defend and protect the members of the funds against liability or loss as prescribed in the member government contract and in accordance with the Workers' Compensation law of Georgia. The funds are to pay all costs taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

There have been no significant reductions of insurance coverage from coverage in the prior year, and settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 12. CONTINGENCIES AND COMMITMENTS

#### Grant Contingencies

The County has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their representatives. Such audits could lead to the disallowance of certain expenditures previously reimbursed by those agencies. Based upon prior experience, County management believes such disallowances, if any, will not be significant.

#### Litigation

The County is involved in several pending lawsuits. Liability, if any, which might result from these proceedings, would not, in the opinion of management and legal counsel, have a material adverse effect on the financial position of the County.

### NOTE 13. SHORT-TERM DEBT

On April 20, 2021, the Board of Commissioners approved a resolution authorizing a tax anticipation note for the borrowing of \$2,000,000 at an interest rate of 1.59%. This note was repaid in December 2021.

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>
Tax anticipation note	\$ -	\$ 973,082	\$ 973,082	\$ -

### NOTE 14. TAX ABATEMENT AGREEMENTS

During the year ended December 31, 2017, the County implemented GASB Statement No. 77, *Tax Abatement Disclosures*. This statement requires the County to disclose information for any tax abatement agreements either entered into by the County, or agreements entered into by other governments that reduce the County's tax revenues. As of December 31, 2021, the County did not have any such agreements, either entered into by the County or by other governments that exceeded the quantitative threshold for disclosure.

## NOTES TO FINANCIAL STATEMENTS

---

### **NOTE 15. LANDFILL POST-CLOSURE COSTS**

Effective November 1, 2002, the Lamar County Landfill was closed and no additional waste has been accepted. According to state and federal laws and regulations, the County must perform certain maintenance and monitoring functions at the site for a minimum of 30 years. Engineering studies estimate post-closure costs of approximately \$447,453 over the remaining 16-year period. These costs are based on what it would cost to perform all post-closure care in 2021. Actual costs may be higher due to changes in inflation, changes in technology, or changes in regulations. Should any problems occur during this post-closure period, the costs and time period required for the maintenance and monitoring functions may substantially increase.

### **NOTE 16. SPECIAL ITEM – PENSION RECOGNITION**

The Lamar County Regional Solid Waste Authority participated in the Lamar County, Georgia ACCG Defined Benefit Retirement Plan (the "Plan"), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for participating counties in Georgia. As of December 31, 2021, the Authority had no employees. The Authority did not make any contributions to the Lamar County, Georgia ACCG Defined Benefit Retirement Plan during the fiscal year ended December 31, 2021. The Authority will not make any contribution for the foreseeable future to the County's plan. This event was considered a special item for the County, which is defined as a significant transaction that is either unusual or infrequent and within the control of management. The special item for the recognition of the net pension liability and related accounts previously reported by the Authority was \$106,992 for the fiscal year ended December 31, 2021. The transaction is considered to be infrequent in occurrence and within the control of management.

## **REQUIRED SUPPLEMENTARY INFORMATION**

# LAMAR COUNTY, GEORGIA

## REQUIRED SUPPLEMENTARY INFORMATION SCHEDULE OF CHANGES IN THE COUNTY'S NET PENSION LIABILITY AND RELATED RATIOS FOR THE FISCAL YEAR ENDED DECEMBER 31,

## **COMPLIANCE SECTION**

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

---

**Board of Commissioners  
of Lamar County, Georgia  
Barnesville, Georgia**

We have audited, in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States ("*Government Auditing Standards*"), the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Lamar County, Georgia (the "County"), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated August 24, 2022. Our report includes a reference to other auditors who audited the financial statements of the Lamar County Board of Health (the "Board of Health") and the Barnesville-Lamar County Library (the "Library"), as described in our report on the County's financial statements. This report does not include the results of other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

---

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that have not been identified. We identified certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as items 2021-001 through 2021-003 that we consider to be material weaknesses.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as item 2021-004.

**Lamar County, Georgia's Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the County's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Macon, Georgia  
August 24, 2022

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR  
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE  
REQUIRED BY THE UNIFORM GUIDANCE**

---

**Board of Commissioners  
of Lamar County, Georgia  
Barnesville, Georgia**

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited Lamar County, Georgia's (the "County") compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2021. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2021.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America ("GAAS"); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States ("*Government Auditing Standards*"); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the County's federal programs.

---

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

---

### **Report on Internal Control Over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE FISCAL YEAR ENDED DECEMBER 31, 2021

---

### **NOTE 1. BASIS OF PREPARATION**

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Lamar County, Georgia (the "County"), and is presented on the modified accrual basis of accounting.

The information in this schedule is presented in accordance with the requirements of *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Therefore, some amounts presented in the schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

### **NOTE 2. DE MINIMIS INDIRECT COST RATE**

The City chose not to use the 10% de minimis cost rate for the year ended December 31, 2021.

### **NOTE 3. SUBRECIPIENTS**

The City did not pass through any funds to subrecipients during the year ended December 31, 2021.

### SECTION II FINANCIAL STATEMENT FINDINGS AND RESPONSES

#### 2021-001 – Segregation of Duties (Repeat Finding)

**Criteria:** Internal controls should be in place which provide reasonable assurance that an individual cannot misappropriate funds without such actions being detected during the normal course of business.

**Condition:** There is not appropriate segregation of duties among recording, distribution, and reconciliation of cash accounts and other operational functions in various funds administered by the County. Further, we noted a general lack of segregation of duties. We noted bank statements were being reconciled by employees of the elected officials and the County office with no consistent review of the reconciled statements being performed.

- Sheriff's Office – one individual with the authority to open the mail, prepare and make deposits, sign and mail checks, and post transactions to the general ledger also reconciles bank statements. In addition, we noted no independent review of the reconciled bank statements. This is due to staff limitations.
- Tax Commissioner Office – one individual with the authority to prepare and sign checks also reconciles the bank statement. In addition, we noted no independent review of the reconciled bank statements. This is due to staff limitations.
- Magistrate Court – one individual with the authority to prepare and sign checks also has the authority to prepare and make deposits. In addition, we noted no independent review of the reconciled bank statements. This is due to staff limitations.
- Probate Court – one individual with the authority to prepare and sign checks also reconciles the bank statement. In addition, we noted no review of the reconciled bank statements. This is due to staff limitations.
- Superior Court – one individual with the authority to prepare and sign checks also reconciles the bank statement. In addition, we noted no independent review of the reconciled bank statements. We also noted the Superior Court was not making timely deposits of cash receipts to the bank or making timely disbursements to respective payees during the fiscal year. This is due to staff limitations.
- County Office – one individual with the authority to open and distribute the mail also prepares deposits. In addition, we noted one individual with the authority to make system and/or program changes also has the ability to post transactions to the general ledger and has access to cash.

**Context:** Several instances of overlapping duties were noted during interviews regarding internal control procedures.

**Effects:** Failure to properly segregate duties can lead to misappropriation of funds that is not detected during the normal course of business.

**Cause:** The lack of segregation of duties is primarily due to the limited number of individuals in each office available to perform all of the duties.

**Recommendation:** We recommend the County and elected officials review the duties and access of all employees and implement procedures to ensure adequate segregation of duties.

# LAMAR COUNTY, GEORGIA

## SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED DECEMBER 31, 2021

---

### SECTION II FINANCIAL STATEMENT FINDINGS AND RESPONSES (CONTINUED)

#### 2021-001 – Segregation of Duties (Repeat Finding) (Continued)

**Views of Responsible Officials and Planned Corrective Action:** We concur with the finding. We will continue to review and improve policies and procedures in an effort to eliminate error and identify deficiencies from both operational and financial perspectives.

#### 2021-002 – General Accounting Matters/Close-Out Procedures (Repeat Finding)

**Criteria:** Internal control is a process designed to provide reasonable assurance about the achievement of an entity's objectives with regard to the reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws and regulations. Internal control is also a process of safeguarding assets against unauthorized acquisition, use, or disposition, and includes controls related to financial reporting and operations objectives. Generally accepted accounting principles require assets, liabilities, revenues and expenditures to be recognized in the accounting period in which they become both measurable (and available). Further, a fundamental principle in accounting and financial reporting is the notion of timely recognition and recording of financial and non-financial transactions and activities.

**Condition:** During our audit, we noted several instances of accounting, reporting and reconciling not being properly performed and reviewed during the fiscal year, which required additional effort to close the County's 2021 fiscal year. Significant adjustments were determined and required to be recorded in the months that followed December 31, 2021. We noted deficiencies in completeness and accuracy. Specifically, we noted a lack of accurate financial and non-financial information needed as noted below:

- to properly maintain the accounts payable on a periodic basis throughout the year;
- to properly maintain general ledgers, subsidiary ledgers, and related reconciliations; and
- to close-out and report activities, events and transactions on a periodic basis.

We believe it is important to note that we observed a genuine interest by the County's accounting personnel in their desire to learn and assume greater responsibilities for the County's accounting and financial reporting and noticed great improvement subsequent to the current year's audit.

**Context:** We addressed the matter with the County to determine the appropriate actions are taken so as to properly complete general accounting matters/close-out procedures at December 31, 2021.

**Effects:** The ultimate effect of the above condition is the potential for errors and irregularities to occur and not be detected and corrected in a timely manner.

# LAMAR COUNTY, GEORGIA

## SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED DECEMBER 31, 2021

---

### SECTION II FINANCIAL STATEMENT FINDINGS AND RESPONSES (CONTINUED)

#### 2021-002 – General Accounting Matters/Close-Out Procedures (Repeat Finding) (Continued)

**Cause:** There was a lack of appropriate controls implemented at the County during the fiscal year to properly maintain financial and non-financial information and to properly close-out the year-end.

**Recommendation:** We recommend the County consider a variety of options to addressing the above condition. In no particular order, the County needs to look at the respective staffing of the accounting function, and determine if an adequate number of qualified people are currently available to address the condition. The County also needs to consider and evaluate its strengths and weaknesses relative to the accounting function, and take measures to address the concerns noted above with a goal of providing appropriate recording, reconciling and reporting of County operations and financial and non-financial activities. We also recommend the County seek the expertise of a technician to come in and diagnose the issues with the County's accounting software related to the accounts payable and capital assets to improve the overall audit.

**Views of Responsible Officials and Planned Corrective Action:** We concur with the finding. We will continue to review and improve policies and procedures in an effort to eliminate error and identify deficiencies from both operational and financial perspectives.

#### 2021-003 – Schedule of Expenditures of Federal Awards

**Criteria:** 2 CFR 200.302(b)(1) states that all non-federal entities must identify in its accounts all federal awards received and expended. The schedule of expenditures of federal awards ("SEFA"), as required by 2 CFR 200.510(b), should be derived from, and relate directly to, the underlying accounting and other records used to prepare the financial statements of the County.

**Condition:** During our audit, we noted that internal controls were not in place to accurately prepare the SEFA. The County prepared the SEFA based on subsidiary reports and agreements from various departments throughout the County.

**Context:** We addressed the matter with the County to determine the appropriate classification of grant activity in order to accurately present the schedule of expenditures of federal awards at December 31, 2021.

**Effects:** The County was not able to timely produce a SEFA and numerous adjustments were needed to appropriately classify grants as state or federal.

**Cause:** There was a lack of appropriate controls implemented at the County during the fiscal year to properly report grant activity and present the SEFA.

# LAMAR COUNTY, GEORGIA

## SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED DECEMBER 31, 2021

---

### SECTION II FINANCIAL STATEMENT FINDINGS AND RESPONSES (CONTINUED)

#### 2021-003 – Schedule of Expenditures of Federal Awards (Continued)

**Recommendation:** We recommend the County implement procedures to increase communication between the finance department and the various departments overseeing grant activity. Due to the degree of decentralization of the grant accounting and reporting, multiple hurdles existed in obtaining the correct information for reporting in the County's financial statements in accordance with the Uniform Guidance.

**Views of Responsible Officials and Planned Corrective Action:** We concur with the finding. We will continue to review and improve policies and procedures to help with timely and accurate financial reporting of the grant activities.

#### 2021-004 – Budgetary Requirements

**Criteria:** Georgia Statutes (O.C.G.A. §36-81) establish budgetary requirements for governmental entities that there be a legal level of control at a minimum to be at the department level. In addition, each unit of local government shall adopt and operate under an annual balanced budget for the general fund, each special revenue fund, and each debt service fund in use by the local government. The annual balanced budget shall be adopted by ordinance or resolution and administered in accordance with this article.

**Condition:** For the year ended December 31, 2021, the County was in violation of State budget statutes. An annual budget was not adopted for the ARPA Fund.

**Context:** We addressed the matter with the County to determine the appropriate actions needed as to be in compliance with state budget requirements at December 31, 2021.

**Effects:** The County did not adopt an annual balanced budget for the ARPA fund for the year ended December 31, 2021.

**Cause:** The above condition was caused by not adopting a balanced budget for all necessary funds.

**Recommendation:** We recommend the County adopt balanced budgets.

**Views of Responsible Officials and Planned Corrective Action:** We concur with the finding. We will continue to review and improve policies and procedures in an effort to eliminate error and identify deficiencies from both operational and financial perspectives. We will also review budgets to assure balanced budgets are adopted.

### SECTION III FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS

Not applicable.

**LAMAR COUNTY, GEORGIA**  
**SCHEDULE OF PRIOR YEAR FINDINGS**  
**FOR THE FISCAL YEAR ENDED DECEMBER 31, 2021**

---

**2020-001 – Proper Recognition of Capital Assets**

**Criteria:** Internal controls should be in place to ensure amounts reported for capital assets and related items are appropriate and properly valued and recorded in accordance with GAAP.

**Condition:** During the year ended December 31, 2020, the County did not properly recognize capital assets purchased with a capital lease or the related capital lease proceeds.

**Status:** Resolved.

**2020-002 – Segregation of Duties**

**Criteria:** Internal controls should be in place which provide reasonable assurance that an individual cannot misappropriate funds without such actions being detected during the normal course of business.

**Condition:** There is not appropriate segregation of duties among recording, distribution, and reconciliation of cash accounts and other operational functions in various funds administered by the County. Further, we noted a general lack of segregation of duties. We noted bank statements were being reconciled by employees of the elected officials and the County office with no consistent review of the reconciled statements being performed.

**Status:** Unresolved. See current year financial audit finding 2021-001.

**2020-003 – Management of Interfund Transactions**

**Criteria:** Generally accepted accounting principles require consideration of the collectability of receivables of all kinds, whether external or internal to the County. In addition, internal controls should be in place to provide reasonable assurance that interfund transactions are properly recorded.

**Condition:** We noted the County did not account for and use due to/from accounts and transfers properly within the operations of the County.

**Status:** Resolved.

**LAMAR COUNTY, GEORGIA**  
**SCHEDULE OF PRIOR YEAR FINDINGS**  
**FOR THE FISCAL YEAR ENDED DECEMBER 31, 2021**

---

**2020-004 – General Accounting Matters/Close-Out Procedures**

**Criteria:** Internal control is a process designed to provide reasonable assurance about the achievement of an entity's objectives with regard to the reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws and regulations. Internal control is also a process of safeguarding assets against unauthorized acquisition, use, or disposition, and includes controls related to financial reporting and operations objectives. Generally accepted accounting principles require assets, liabilities, revenues and expenditures to be recognized in the accounting period in which they become both measurable (and available). Further, a fundamental principle in accounting and financial reporting is the notion of timely recognition and recording of financial and non-financial transactions and activities.

**Condition:** During our audit, we noted an inordinate amount of accounting, reporting and reconciling was not properly performed and reviewed during the fiscal year which required a significant effort to close the County's 2020 fiscal year. Significant adjustments were determined and required to be recorded in the months that followed December 31, 2020. Further, and throughout the course of the audit process, we noted there was an overall lack of proper and adequate accounting on a timely basis. We noted deficiencies in timeliness, completeness, and accuracy.

**Status:** Partially resolved. See current year financial finding 2021-002.
